

# DISCO DILEMMA

We had bright lights, great sounds and a very hard working group of over 200 Te Rapa Students take the stage in our production this year 'Disco Dilemma'.

We auditioned students right back in the middle of term two and built a script and show around the talents we found.

With over 27 different singing and dancing acts ranging from hip hop to slow ballads it was a non-stop action packed show. Our drama students pulled the show and story together by discussing and finding different ways and places to find music for their school disco.

We had sections of some of our favourite television programmes and tunes, radio stations of reggae and hip hop. We can't forget our disco section and of course our famous singers and home-grown kiwi classics. A section was also dedicated to our great Broadway shows.

We had the audience singing along with our new and old songs.

A big thank you for all the wonderful feedback we received and a big thank you to all the parents and supporters of our school production.
